BOTANICAL MIXOLOGY COCKTAILS + HERB GARDEN WORKSHOP

Event Date : September 25, 6:30 pm

Grow it. Mix it. Sip it.

Join us for a hands-on evening where the garden meets happy hour! You'll create your own **cocktail herb garden** filled with fresh herbs perfect for muddling, garnishing and mixing into your favorite drinks.

Then we'll put those herbs to work! Learn how fresh-from-the-garden flavors can take a cocktail from ordinary to *ohhh, that's good* as we mix, sip and have a little fun along the way.

You'll leave with your **own planted herb garden**, some new cocktail inspiration, and maybe a new appreciation for just how useful your garden can be.

Come thirsty. Leave with a garden.
