

BROKEN TO BEAUTIFUL: MOSAIC STEPPING STONE WORKSHOP

Event Date : July 3, 9:00 am

Sometimes the most beautiful things come from broken pieces.

A recent shipment left us with a pallet of gorgeous broken Mexican pottery—full of vibrant colors, bold patterns, and unique shapes. Instead of throwing it away, we're turning those broken pieces into something beautiful.

Join us at [Shades of Green](#) for our **Broken to Beautiful Mosaic Stepping Stone Workshop**, where you'll design and create your own one-of-a-kind mosaic stepping stone for your garden, patio, or flower bed.

Using colorful pottery pieces, glass accents, and decorative materials, you'll create a custom stepping stone that reflects your style—whether that means bold and artistic, whimsical and fun, or sentimental and meaningful.

Creative ideas for your stepping stone:

- Press in **handprints or footprints**
- Create a **flower design**
- Make a **heart or cross**
- Spell out your **family name or house number**
- Design a colorful **abstract mosaic**
- Add meaningful words like *Faith, Grow, Bloom, or Home*
- Create a memory stone to honor a loved one or pet

No experience needed—we'll guide you through the process step by step.

We provide everything:

- ✓ Pottery pieces
- ✓ Stone base
- ✓ Tools & materials
- ✓ Instruction
- ✓ Creative inspiration

Just bring your imagination (and clothes you don't mind getting a little messy).
