

## **SPRING LAWN CARE**

Event Date: February 22, 1:00 pm

Winter's over, and it's time to get your lawn back in shape! Learn the best practices for fertilizing, watering, and mowing to ensure a lush, healthy yard all season long. We'll cover common lawn issues like bare spots, weeds, and pests, plus tips on selecting the right grass for your space. Whether you're starting fresh or reviving a tired lawn, we'll help you get the greenest grass on the block!
